

Student-led societies

The Department hosts, or is associated with, a number of student-led societies, teams, groups and clubs, which students may be interested in joining. Those currently active are listed below.

Non-Engineering students involved in Engineering Department based student-led projects who need access to the Engineering Department buildings and/or Engineering IT facilities, should in the first instance contact their society leader, and ask them to make contact with [Dr Rich Roebuck](#) on their behalf, endorsing their request.

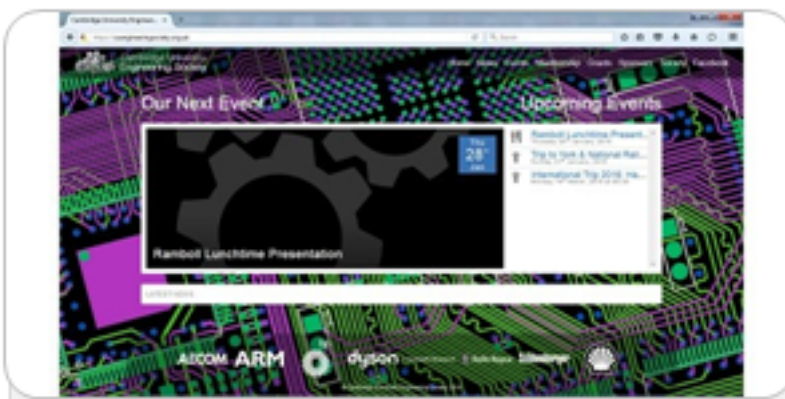

Student-led societies

Published on CUED undergraduate teaching site (<https://teaching26-27.eng.cam.ac.uk>)

C.U. Eco Racing
(Solar powered car design, construction, racing)

C.U. Engineering Society
(Talks, Visits, Careers Assistance, Funding)

C.U. Locomotive Engineers' Society

C.U. Locomotive Engineers' Society

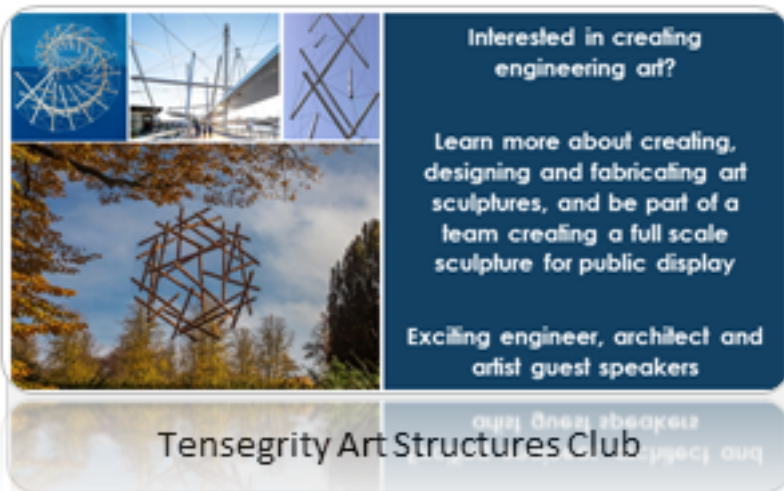

Student-led societies

Published on CUED undergraduate teaching site (<https://teaching26-27.eng.cam.ac.uk>)

Full Blue Racing
(Formula Student)

Tensegrity Art Structures Club

[CUABC - Cambridge AI Builder Club](#)
